Stephen,

This is our preliminary slides for the public meeting.

We should have a poster showing drinking water data in the next day or so. DOH is working on it.

We continue to be concerned that we have not been given any drafts of your slides or posters, or any indication of the content. Based on our prior conversations, we were supposed to receive your draft posters for our review by the end of last week.

We will need to discuss this on our call this afternoon.

Thank you
